The screenshot shows the ACS Publications website interface. At the top, there are navigation links for ACS, ACS Publications, C&EN, and OAS, along with a search bar and user options like 'Find my institution' and 'Log in'. The main article title is 'Highly Permeable Perfluorinated Sulfonic Acid Ionomers for Improved Electrochemical Devices: Insights into Structure-Property Relationships'. Below the title, the authors are listed: Adlai Katzenberg, Anamika Chowdhury, Minfeng Fang, Adam Z. Weber, Yoshiyuki Okamoto, Ahmet Kusoglu, and Miguel A. Modestino*. The article is cited as 'J. Am. Chem. Soc. 2020, 142, 8, 3742-3752', published on January 20, 2020. It has 1053 article views and 49 altmetrics. The page includes options to download the PDF (3 MB), access through an institution, or explore more access options. The journal is identified as JACS, Journal of the American Chemical Society. The abstract begins with 'Rapid improvements in polymer-electrolyte fuel-cell (PEFC) performance have been driven by the development of commercially available ion-conducting polymers (ionomers) that are employed as membranes and catalyst binders in membrane-electrode assemblies. Commercially available'.

Step 2. Find your organization by browsing the Shibboleth federations on the left or by searching for your university name.

步骤 2，要找到您的单位，可以在左边输入您单位的名称，或从右边的名单中查找。

The screenshot displays the Shibboleth search interface. On the left, under 'Search for your Institution', there is a search box labeled 'Search By University or Organization'. On the right, under 'Find Institution via Federation', a list of federations is shown. The 'CARSJ Federation' is highlighted with a red box. Other federations listed include ACOnet Identity Federation (Austria), Chinese - CSTCloud ID (CAoS), German Higher Education (DFN-AAI), India - INFLIBNET Access Management Federation (INFED), Ireland - Edugate Federation, Italy - IDEM GARR, Malaysian Access Federation (SIFULAN), OpenAthens Federation, and RCTSaai - Portuguese Federation.

Step 3. If you search, the matching options will appear as you type.

步骤 3，如果您在左边查找，在您输入字符时会出现对应的单位名称。
